

NOVA

YOUR SPACE: INFINITE POSSIBILITIES

FIRE LAKE GRILL HOUSE & BAR

CLIENT: Radisson Blu

DESIGNER: Trevillion Interiors

LOCATION: Leeds

YEAR: 2014

THE PROJECT

Radisson Blu worked with the leading international design practice, Trevillion Interiors to create an exciting new restaurant where Minnesota meets Leeds! Fire Lake mixes North American cooking traditions with good honest Yorkshire produce and, as a proud Leeds restaurant, they pay tribute to their community by sourcing locally grown food which is prepared with love and served with a smile.

THE FURNITURE

Trevillion's vision for Fire Lake was an on trend urban, industrial space with natural materials, unfinished metal, exposed conduits and aged leathers, which they contrasted with contemporary fabrics and furnishings. Nova Interiors were specified for the bespoke banquette seating which was designed in a number of styles to create a variety of user experiences, from long informal runs of seating to intimate high backed booths with deep button detailing. All of the banquette seating was surveyed, manufactured, delivered and installed by Nova Interiors.

WHAT THE CLIENT SAID

"The team at Trevillion Interiors find Nova Interiors react quickly to our quotation requests and are able to offer advice and support when we are developing design proposals for our clients. This confidence in suppliers is key to Trevillion Interiors success."
