

NOVA

YOUR SPACE: INFINITE POSSIBILITIES

THE SWAN HOTEL

CLIENT: Adnams PLC

DESIGNER: Project Orange

LOCATION: Southwold

YEAR: 2017

Photographer: James Bedford / jamesbedford.com

THE PROJECT

For over 650 years the Adnams' family have brewed ale at The Swan Hotel in Southwold and in October 2017 they opened their doors to a wonderfully reinvented interior, and renovated exterior, by the extremely talented team at Project Orange who selected Nova Interiors to supply their bespoke furniture designs.

THE FURNITURE

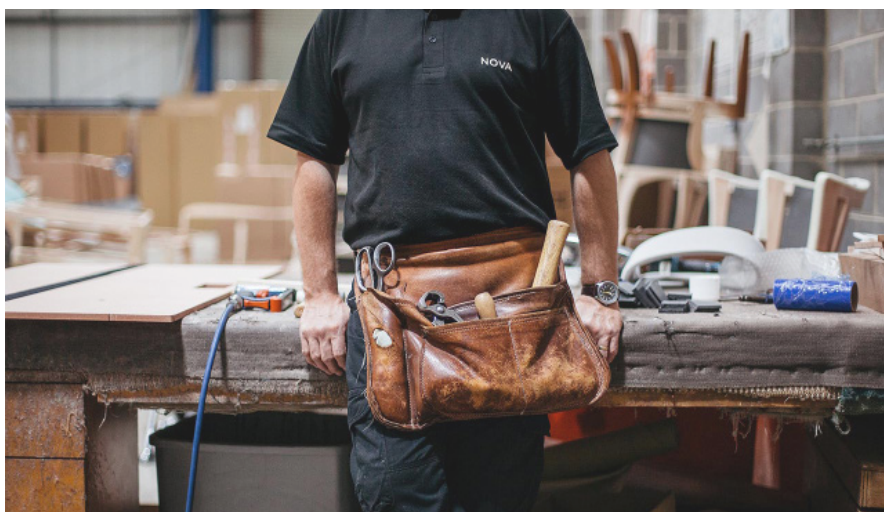

Working collaboratively with Project Orange, Nova Interiors supplied bespoke 4 poster beds with distinctive turned posts and vibrant bright pink details, beds 'made for hibernation.' A unique side table was designed to feature a thick 20mm diameter rope wrapped column to reference the hotel's coastal location with both ash and oak construction variations. We relish the challenges set by the interior designers who approach us looking for exquisite design led furniture.

WHAT THE CLIENT SAID

"It was a pleasure working with Nova on this challenging project. The furniture they supplied was fantastic and looks great in the hotel."

Holly Rees / Designer / Project Orange
