THE PROJECT

A new, trendy restaurant within a vibrant hotel located in London, brought to life by Powerstrip Studios, an LA based design firm. Powerstrip Studios approached Nova Interiors to create custom-made seating for the Art Yard, inspired by the neighbouring galleries, Tate Modern and Hayward Gallery.

THE FURNITURE

Powerstrip Studios worked with Nova Interiors to produce mid century style chairs with curved upholstered back and timber beech arms finished with gold studding detail. The Opuzen patchwork fabric chosen blends seamlessly with the surrounding vibrant environment. Nova also supplied the superb banquette seating unit consisting of a perfectly formed metal frame, loose seat and back cushions all with leather tie detailing.
