

IF YOU  
NEED  
BANQUETTE /  
FIXED  
SEATING

NOVA

## BANQUETTE SEATING

We manufacture bespoke fixed seating made to measure to fit your space. Your banquette seating will be made to fulfil your design vision, with countless style features available such as deep buttoning, fluting and quilting, just to name a few.

We work directly with you or with an interior designer to create the desired look, ensuring it also meets the practical requirement of the seating. Our joiner will conduct a site survey prior to installation to ensure the installation process runs as smoothly as the service in your venue. Our portfolio of bespoke banquette seating showcases projects completed for hotels, restaurants and bars around the UK.

# THE PROCESS

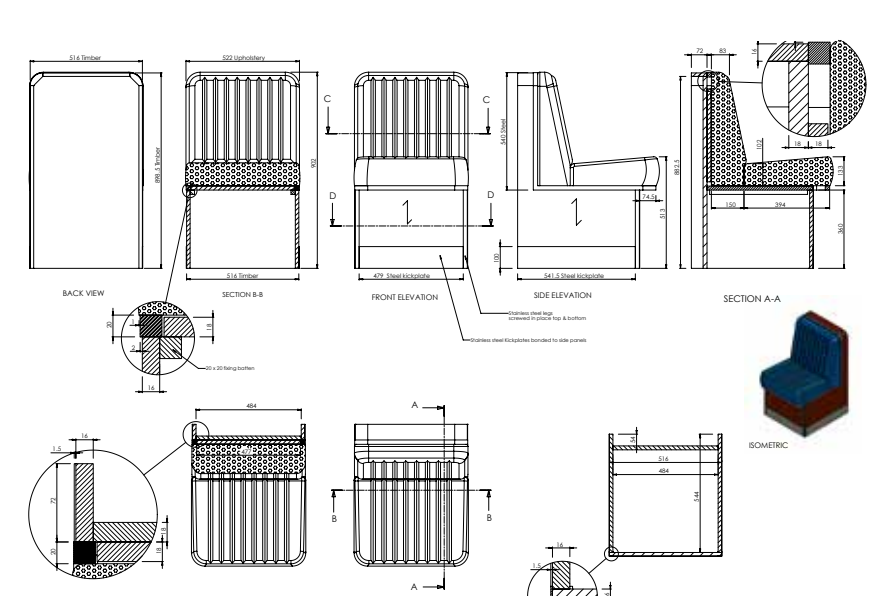

**STEP 1 INITIAL ENQUIRY:** Our in house designers will work directly with you or an interior designer to discuss your specifications and create the desired look, ensuring it also meets the practical requirement of the seating.

**STEP 2 QUOTATION:** A formal quotation will be made during this stage. With 35+ years experience we offer value engineering suggestions to ensure you meet your budget.

**STEP 3 SITE SURVEY:** Our joiner will conduct a site survey prior to installation to check the dimensions are correct. This ensures the installation process runs as smoothly as the service in your venue.

**STEP 4 PRODUCTION:** Our talented craftsmen and women will bring your concept to life in our UK factory.

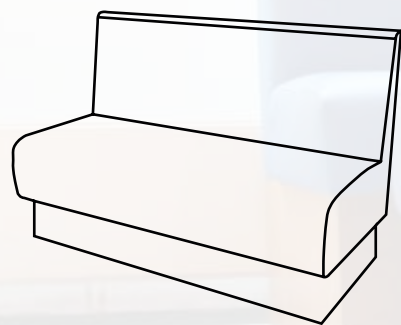

**STEP 5 DELIVERY + INSTALLATION:** Your seating will be delivered and installed in your site by our reliable and trained delivery and installation team. Our support team remain at your disposal after-sales for any queries or support you may need.

# SEATING CUSTOMISATION & ADDITIONS

## ALTERNATIVE METHODS TO CUSTOMISE YOUR SEATING

### CONTRAST DETAIL

Whether you choose stitching detail, piping or buttoning, using contrasting fabric detail on your seating can transform your seating into the focal point of your interior.

### SEATING DIMENSIONS

After our joiner has completed a site survey our designers will assist you in working out the right seat height for your venue and surrounding furniture.

### RADIATOR GRILLS

If your banquet seating unit is being fixed over a radiator, we can incorporate and install radiator grills into your seating to allow the rising heat to still distribute through the room.

### LEGS & ARMS

If you'd prefer your seating to be free standing as opposed to fixed, we will support you in choosing the right legs for your seating. Our most popular leg choices include, but not limited to, conical legs, tapered legs or turned legs.

### LED STRIP LIGHTING

Draw attention to or create an ambient surrounding your seating by opting for LED strip lighting.

# MOLLIE'S MOTEL + DINER

CLIENT: Soho House & Co

DESIGNER: Soho House Design

LOCATION: Buckland, Oxfordshire

YEAR: 2018

Soho House & Co worked collectively with Nova Interiors to bring their 50's American-styled concept to life. To achieve the desired look, Soho House & Co opted for bespoke banquette seating, dining tables, bar stools and dining chairs all from Nova Interior's bespoke production.

# MORETOWN BELLE

CLIENT: Belle Pub and Restaurants

DESIGNER: InD Creations

LOCATION: London

YEAR: 2018

Belle Pubs and Restaurants utilised Nova Interiors' bespoke production knowledge of banquette seating to develop straight, L shaped, C shaped, inverted C shaped and booth banquette seating.

# FIRE LAKE GRILL HOUSE & BAR

CLIENT: Radisson Blu

DESIGNER: Trevillion Interiors

LOCATION: Leeds

YEAR: 2014

Nova Interiors were specified for the bespoke banquette seating which was designed in a number of styles to create a variety of user experiences, from long informal runs of seating to intimate high backed booths with deep button detailing. All of the banquette seating was surveyed, manufactured, delivered and installed by Nova Interiors.
